

TEST RESOURCE

WSP/ATR Submission Guideline

A dummy document created solely to test the downloadable Resources Library in the Services SETA frontend.

IMPORTANT: This is not an official Services SETA guideline. Do not use it for a real submission. Replace it with an approved document before launch.

PURPOSE

What this test document demonstrates

The PDF verifies that the frontend can list a resource, display its metadata, serve a static file from the public/resources folder and trigger a browser download.

Resource category	Guideline
File type	PDF
Audience	Employers and Skills Development Facilitators
Prototype status	Dummy content - pending replacement

SAMPLE WORKFLOW

Illustrative preparation steps

01

Confirm eligibility
Verify organisational registration, levy status and Services SETA scope.

02

Prepare information
Gather workforce, training and authorised signatory information.

03

Review requirements
Check the current submission rules, required evidence and closing date.

04

Access the official system
Use only the approved submission system link supplied by Services SETA.

Sample checklist

☐	Organisation information prepared
☐	Workforce and training information reviewed
☐	Required evidence available
☐	Authorisation confirmed
☐	Closing date checked on the official website

FRONTEND VALIDATION

How to use this dummy resource

Copy this file into the Next.js project at `public/resources/wsp-atr-submission-guideline.pdf`. In `data/resources.ts`, set the matching record to `available: true`. Start the development server, open `/resources` and select Download PDF.

Expected result

The browser should download or open this PDF, depending on browser settings. Search and filter functions should continue to work, and the resource card should display an Available status.

Replace this file before production. The content, dates, requirements and contact information in this dummy PDF have not been approved by Services SETA.

DUMMY - NOT OFFICIAL
